**Celebration of National Science Day 2022 Report**

The theme of National Science Day 2022 is '**Integrated Approach in Science and Technology for a Sustainable Future**'. National Science Day 2022: On this day, in 1928, Indian Physicist **Chandrasekhara Venkata Raman** made an important discovery in the field of spectroscopy, which was later named after him – the Raman Effect. For his work, CV Raman was awarded the prestigious Nobel Prize in Physics in 1930.

On the occasion of National Science Day, Department of B. Voc. (Food Processing & Quality Management), Annasaheb Awate College, Manchar has organized “**Poster Presentation**” under the theme of “**Traditional Food & its Nutritive Value**” relates to this year science day Theme.

The department also celebrate National Science day through Poster Presentation Competition. Through this competition there 6<sup>th</sup> students got participated under the theme of “**Traditional Food & its Nutritive Value**” In this competition students explore their knowledge related to traditional food and its nutritional value. Most of the traditional food like snack food, Course meal, Sweet and other items from different region of India are presented through their posters.

The visitors also gaining knowledge about traditional food and their nutritional value also satisfy with presenter’s effective presentation about their poster.
