7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practice No. I

A. Title of the Best Practice: Karamveer Bhaurao Patil Earn and Learn Scheme 2022-23

The scheme has been successfully implemented in Annasaheb Awate college, Manchar. Many students from our college were benefited through the financial assistance provided by our institute in association with Savitribai Phule Pune University, in the form of Earn and Learn scheme.

B. Objectives: -

1.To provide financial assistance to the financially backward and needy students as well as to make aware about work culture and a knowledge servant

2. To motivate students for self-employment

C. Context-

Founder of Rayat Shikshan Sanstha. Late Dr. Padmabhushan Karmaveer Bhaurao Patil initiated free and residential education to the students from economically backward community with the motto of Rayat Shikshan Sanstha, "Education through Self-help". In accordance with principle of Rayat Shikshan Sanstha, our college provides a prospect to deprived students to work in college campus. College pays substantial amount for their work by which they can meet their educational and other expenses.

D. The Practice-

Under this scheme those students who are interested in joining are to fill the necessary application form, which is then scrutinized by an appropriate committee. Under the committee of "Student Welfare" this activity implemented successfully. The applications were invited from admitted students and organized their Interview. According to the interest and skills students were selected and assigned different work in this scheme. The students enrolled under the scheme allotted, office work, technical work and field work that increase their skills in areas of their study.

E. Evidence of success-

Impact of the scheme is immense. Total 23 students joined the scheme (5 Male and 18 Female) want to get the benefit of this scheme. Work ethics are developed in the participants. In the year 2022-23, Rs. 86,176/- were utilized from SPPU, Pune.

Problems Encountered and Resources required-

1) There is an increasing demand of needy students to join this scheme.

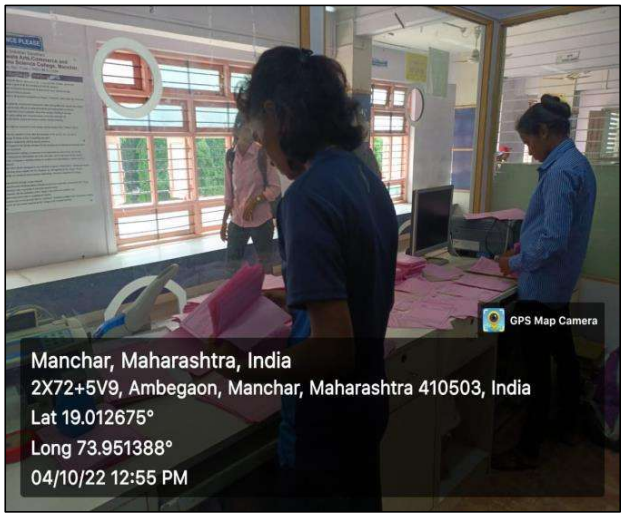

2). It is a time to generate the financial resource for needy students so as to afford higher education independently.

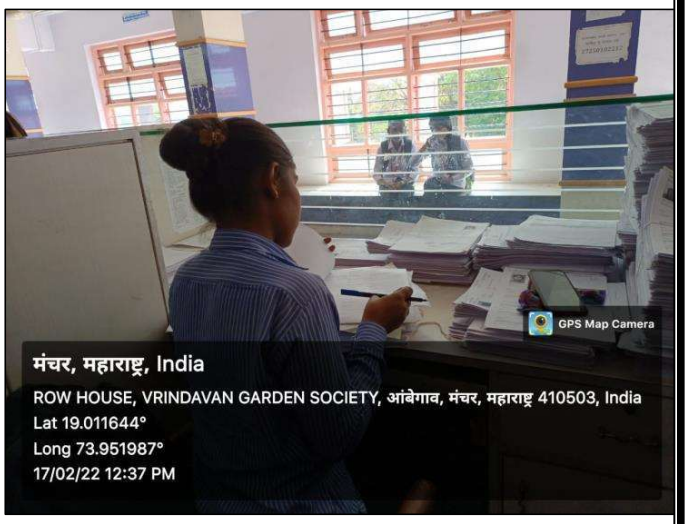

3) The Grant from university is not sufficient for this scheme, so the college has to spend extra amount on the scheme.

Best Practice No. II

A. **Title of the Best Practice: Avishkar – Promotion of Research Culture amongst Students.**

Every individual student having its own innovative ideas. To identify and motivate the student's considering capabilities of students, various programmes and activities offered to them. Promotion of Research Culture amongst Students.

B. Objectives: -

The college participates in 'Avishkar' Research Convention organized by university of Savitribai Phule Pune University and also college has organized Avishkar competition of every year. The college has set following aims and objectives for this innovative activity.

- To Motivate the students for Innovative Research Idea.
- To develop personality and communication skills among the students.
- To produce a research scholar commensurate to the need of the future and get patent.
- To promote the interaction among the learners for the exchange of various aspects of research by organizing Institutional and intercollege research activities.
- To encourage the learners to participate in research activities at intercollege, district, zonal, university, state, national and international levels.

C. Context-

In manipulative and applying the practice following challenging issues have been given:

- Most of student in the college are from rural area so, it is necessary to develop communication skill and presentation skill among them.
- It is essential to teach basic concepts of research methodology and its varied applications among the UG and PG students.
- It is challenging to motivate the students to carry out application-based, socially beneficial research projects.

D.The Practice-

As per the guidelines of the university of SPPU, Pune organizes Avishkar research competition at college level, where students present their research work through oral, Poster or Model presentation in front of prominent judge's members. The judges are the senior research experienced faculty from the college or other institutes. The judges suggest necessary changes in the project for further improvement. The selected project are participated in the university level avishkar competition.

E. Evidence of success-

In the academic year 2022-23 college has organized Avishkar competition total 181 students are participated in different Category like Pure science, Agriculture and Animal Husbandry, Medicine and Pharmacy, Engineering and technology, Commerce, Management and Low, Humanities, Languages and Fine arts. Students present their idea in the form of Oral, Poster and Models. expert is judging project of the students; selected project is participated in next level competition. One student prepares their working model for apply patent.
